

Environment Policy March 2008

The DTP Group was founded in 1987 in Leeds. DTP provide a comprehensive range of IT products and services - from print and imaging, desktop and mobile products to networking, servers and storage.

As a company we are actively committed to meeting the environmental challenges and opportunities that face us; our management and our employees recognise the obligation we as a company have to protect the environment in which we operate and are sensitive to the needs and interests of our stakeholders. This obligation is reflected in the following commitments.

The DTP Group will:

- Maintain an Environmental Management System.
- Regularly review and conduct environmental audits of all our operations to ensure that waste and pollution are minimised.
- Set objectives and work towards targets to ensure continual improvements in environmental performance.
- Ensure environmental awareness amongst all employees and provide sufficient levels of training to allow them to meet their environmental responsibilities.
- Work in close collaboration with all suppliers & manufacturers to ensure all aspects of the WEEE Directive are maintained.
- Encourage all suppliers & manufacturers to improve their environmental performance.
- Promote recycling of all possible materials.
- Cooperate with, meet and where possible, exceed the requirements of all applicable environmental bodies, legislation and regulations.
- Develop and market products that have excellent environmental characteristics and meet high efficiency demands.
- Communicate this policy throughout all levels of the company and make it available to the public.
